Tired of looking like every other **TEAM** you see?

Lotto Team Sport Apparel Project is the answer to soccer's growing demand for top quality custom uniforms. A vertical company based in central Florida, Lotto Team Sport has design, development and production capabilities. This ability to imagine, create and manufacture high end soccer apparel makes Lotto the brand of choice when wearing the same foreign-made uniforms everybody is using just won't do!

UNIFORMS = YES, UNIFORMITY = NO, THANK YOU.

Other brands change their styles and colors cyclically, often without warning, thus forcing soccer organizations to struggle to keep their uniforms for longer than a year or two. Lotto Team Sport provides designs and colors that can be reproduced season after season, giving teams the power to decide the right time to make a change.

Our customization process uses sublimation, a textile printing process mastered in Italy more than 30 years ago. Unlike traditional dyes that fade over time, sublimation enables any design or color to become permanently part of the fabric. This process does not impact the moisture wicking or antimicrobial properties of the fabric.

Lotto Team Sport Uniforms are 100% American made. Our fabrics and manufacturing processes meet the strictest guidelines for health, safety and environmental protection.
